Simple Excellent Ceremonies

Your **Wedding Day is the public celebration of a lifetime commitment to each other. The ceremony should be just as you wish, so that it will always be remembered fondly.**

Wedding Ceremony

Samples of wedding ceremonies are provided to use as a guide for your own special day. You may use part or all of the ceremonies to make your wedding as personal as you like.

Legal Information

I'll make sure all the legal paperwork is in order and can assist you with any questions.

Service Location

As a Civil Marriage Celebrant I can perform your marriage ceremony virtually anywhere. Couples often choose settings such as a beach, park or mountain to take advantage of nature's beauty.

The role of the Celebrant

Most importantly a Civil Celebrant performs the wedding ceremony to solemnise your marriage.

Name Giving

A naming service is a perfect way to celebrate your child's birth.

Many people wish to celebrate their children and assign god parents, as well as thanking those who have given support.

A name giving ceremony can be as formal or relaxed as you wish and can involve many participants so as to include family and friends.

Renewal of Vows

What better way to say "I love you". Still, always and forever...

An exchange of vows may be a small affair with family and friends or even just as a couple. Other people choose to relive their wedding joy or have the ceremony as part of a bigger anniversary celebration.

If you are planning a ceremony and require a Civil Celebrant please contact me. I look forward to being a part of your special day.
